### **Pace of Play**

The JGA wants all players to enjoy competing in our events. Pace of play may differ depending upon the venue, weather, and course conditions. Every player is accountable for playing at an acceptable pace; therefore, we need your help. Please observe the following guidelines to help ensure a pleasant tournament experience for all:

- Make sure to keep pace with the group in front of you. The group behind you should keep pace with your group and so forth.
- Go directly to your ball.
- Be ready to play when it is your turn.
- Keep practice strokes and time taken to read putts to a minimum.
- Play a provisional ball if your original ball may be lost or out of bounds.
- Keep time taken at the snack bar or between sides to a minimum.

If everyone does their part, then 4½ hours should be the maximum time taken to play a round of golf at a JGA tournament. Following the lead of the USGA, the JGA has developed a pace of play policy, based on Rule 5.6b and Model Local Rule 8K that is fair to every competitor. *A group may receive a “friendly reminder” of their position regardless of pace of play guidelines.*

### **Maximum Allowable Time**

The maximum allowable time is the maximum time considered necessary by the Committee for a group to complete its round. This is expressed in a per-hole and aggregate time format and includes all time associated with playing the game, e.g., for rulings and walking times between holes.

Both the specific maximum time allotted per hole and for the completion of 18 holes at JGA tournaments will be denoted on each player's JGA issued scorecard.

See the complete JGA Pace of Play Policy for the procedure if a group is “out of position” and penalty for breach of Pace of Play Policy.

- A competitor's time to play begins when the competitor has had a reasonable opportunity to reach his/her ball and when it is the competitor's turn to play and can do so without interference or distraction. Penalties are applied individually, but more than one competitor in a group may be penalized.
- In general, competitors in a group are subject to being timed at any time but specifically when the group is deemed to be out of position and over the allotted pace of play guidelines.

Note that a group that is out of position at any time may be asked to close the gap regardless of pace of play guidelines. A group is out of position if they are over their maximum acceptable pace of play and more than 15 minutes behind the group ahead of them. The first group off either side is out of position if they are over their maximum acceptable pace of play.
