

The JGA Tour is the competitive component of the Junior Golf Alabama joint initiative between the Alabama Golf Association and Alabama-NW Florida PGA Section. The Tour is designed specifically to remove barriers and reduce costs, while also offering premier 36-hole tournaments at some of the finest facilities in Alabama and NW Florida. The JGA Tour is open to all girls and boys ages 6-18 that reside in Alabama or the Florida Panhandle (west of Apalachicola) who have an active GHIN Handicap Index® through the Alabama Golf Association or Florida State Golf Association.
